Cancel  Register

- You'll receive an email with a **link to confirm your email address - Click on it**

  - If you don't receive it after some minutes control the spam folder

- You'll be redirected to the pCon.login portal

- Click on **Continue**

- Once the registration is confirmed, you can request data

- Click on **Request**

- Generally the requests are approved within 24 hours

---

**pCon.login**

Request Access to Catalog

**STEELBOX**
STEEL&STYLE

Hereby you request the activation of the catalog directly from the manufacturer. You will receive a notification e-mail as soon as the manufacturer has decided on your request.

Skip     Request

- In the side menu click on **Applications**

- Click **Select** in **pCon.planner MarketingEdition**

  - It's free

  - Necessary for using configurable data offline

  - For other offline applications a license is required

- Click on **pCon.update >>**

- Now you'll have to wait for the manufacturer to approve the data access

- Usually it happens within 24 hours

- When you receive the confirmation email continue with this guide
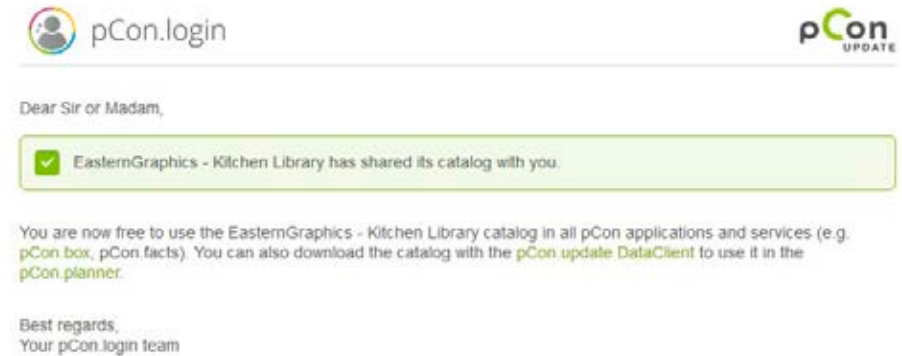

- For the **online applications** (pCon.box and pCon.facts) you can start using the data immediately

- For the **offline applications** (pCon.planner) you'll have to download the data into your computer using pCon.update DataClient

pCon.login

Dear Sir or Madam,

☑ EasternGraphics - Kitchen Library has shared its catalog with you.

You are now free to use the EasternGraphics - Kitchen Library catalog in all pCon applications and services (e.g. pCon.box, pCon.facts). You can also download the catalog with the pCon.update DataClient to use it in the pCon.planner.

Best regards,
Your pCon.login team

Invite
colleagues

- Start pCon.update DataClient

  - Click **Next** on the following two windows to force a control of what data is available to update

  - You'll see a list with the applications and data

- Click **Install** to start the download and installation process

It's necessary to have **pCon.planner ME or PRO** installed to use **configurable data.** The STD version available on the pCon.planner web site does not recognize configurable data.
